

# EMERGENCY PREPAREDNESS DRILL

## Search & Rescue Team

**March 12<sup>th</sup>, Thursday, 6 to 8:30 PM**

**Evening Drill in District 1, 2, 3, 4, 5, 6, 7, 15 Only**

Our Search & Rescue Teams will practice their “Night Time Searching Skills.” They will not be disturbing any residents, not going into back yards, nor interfering with scheduled community events.

A field command center will be set up at the Mountain View clubhouse outdoor pool area to deploy these teams. A drone will operate above greenbelts and golf courses, enhancing rapid surveying.

### **2 MISSING RESIDENTS!!**

For this scenario (searching for lost residents), the teams will use their personal vehicles with I.D.s & move slowly along roads as they go from one area to another in their search of our southern districts. Drill over at 8:30 PM.

**Thank you for your support of these critical drills!**
