

## EMERGENCY PREPAREDNESS COMMITTEE (EPC)

### Why a Command Post Is Needed in Your Neighborhood -

When EPC needs to activate in a disaster, the plan is to have one or more predesignated areas in each district to have a disaster Command Post. It is the hub where Block Captains check in, collect their gear and head out with radios to report on their assignment of homes.

These Command Posts are usually set up in someone's garage but actually can be anywhere once the Red Bag and radios are picked up. The Red Bag contains all the equipment and papers needed to function.

Find your district's Command Post location(s) on our website, <https://epc.scpdcaclubs.com>  
Click EPC Districts, scroll to CP Maps .
