

Emergency Preparedness Operations Center Teams

From Tinker to Tech—

Are you mechanically inclined?

Do you enjoy projects?

Do you like to stay involved?

Our **EQUIPMENT TEAM** may be just the thing. We have all sorts of items, like radios, that need to be ready for immediate use in a disaster.

Or do you like to move about? Our **COURIER TEAM** takes messages or small parcels from one Sun City location to another (i.e., batteries that are needed at a District Command Post, a temporary barrier to be picked up or a volunteer who needs to be relocated).
