

# EMERGENCY PREPAREDNESS

## Search & Rescue Team

The purpose of this active team is to assist residents in Sun City during a disaster. Most are certified through Riverside County C.E.R.T. and we provide training in light search & rescue skills, basic first aid, triage and fire suppression. The team sweeps clubhouses for persons in need of aid, conducts field assessments and radios results to Incident Command as well as providing what assistance is needed in the districts.
